Dear Alumni and friends

Kendriya Vidyalaya Happy Valley welcomes sponsors willing to help students living in disadvantaged and impoverished communities by providing them educational resources so they can excel academically during these times of pandemic.

**Purpose:** The ongoing Covid-19 pandemic has played havoc in people's daily lives .Lockdown has indeed forced schools to work from home due to which few of our students from impoverished communities are facing problems continuing their online classes due to lack of mobile phones and computer devices .

Our goal is to facilitate regular online teaching and learning of all students by arranging the free distribution of Android mobile phones to deserving students who are

struggling and unable to afford mobile devices or attend regular online classes .Your one time gift will help underprivileged students continue their online studies and achieve success .

We are writing to you to ask for your assistance in reaching our goal of imparting education to all.
